5. Bio Sci 3rd Year Orientation - Required for 2nd Year and 1st Year Transfer Students

Congratulations! You are almost halfway through your undergraduate degree here in the School of Biological Sciences.

As a current 2nd year student OR 1st Year Transfer student, we will be reviewing with you the Bio Sci academic curriculum for your remaining quarters at UCI. This workshop will provide important information needed for you to be a successful junior Anteater!

This session will be led by Bio Sci Academic Advisors on various dates in-person below. **This is a MANDATORY session.** Not attending a 3rd Year Orientation will result in a hold on your account that will hinder your ability to enroll for Fall 2024.

Please RSVP for the session you will attend [here](#).*

9. Clinical Research/ Volunteer Opportunity - UCI Med

Hello! My name is Saman Andalib, second-year medical student at the UC Irvine School of Medicine. Along with my mentor, Dr. Ranjan Gupta from the Department of Orthopedic Surgery, we're excited to invite you to participate in a pivotal research study focusing on new outcome measures in shoulder surgery.

For your participation, we are offering 10 clinical hours!

At this event, several surgeons will be present to network, provide advice, and provide potential research opportunities for interested undergrads. Additionally, there will be didactic events available for students interested in learning more about Orthopedics!

The event will be on Saturday, April 27th. More information and sign-up can be found here:

10. Research Assistants Needed - Stress and Coping in Asian Americans with Advanced/Metastatic Cancer

We are recruiting bilingual student researchers (Mandarin, Korean, Vietnamese, Tagalog, and/or Japanese) for multiple community-engaged research projects that are looking to further examine the experiences of Asian Americans with advanced metastatic cancer and psychosocial interventions that promote well being. If you are interested in:

- psychosocial treatment
- the intersection of physical and mental well being
- culturally shaped interventions
- collaborating with local community partner organizations
- working with multi-disciplinary research teams

- mentorship

The [Kim lab](#) led by [Dr. Jacqueline H.J. Kim](#) would be amazing for you! By joining the team you can expect to:

- do 9-12 hours/week of work to earn credit for a research unit either through BIO SCI or PH
- perform literature reviews
- assist with appropriate tailoring of all research materials, including translations and adapting for tailored cultural cues
- help shape the research project during our lab meetings
- support recruitment, including developing materials, communicating and scheduling with potential participants
- join a supportive team with many opportunities for leadership, growth, and mentorship

If you are interested, please fill out our application [form](#). Applications will be reviewed on a rolling basis.

The graphic features the UCI School of Medicine logo on the left. In the center, an illustration shows a woman sitting on a stack of books using a laptop, while a man stands next to her holding a magnifying glass over a document. To the right, the text 'RESEARCH ASSISTANT NEEDED' is displayed in large, bold, white letters against a red background.

Seeking highly motivated, **bilingual (Mandarin, Korean, Vietnamese, Tagalog, and/or Japanese) individuals** to join our study team!

We examine Asian Americans' experiences in advanced/metastatic cancer and psychosocial interventions that promote well-being.

DETAILS:

- **9-12+ hours per week**
(remote/hybrid)

OPPORTUNITIES:

- Literature reviews
- Translations & transcriptions
