

Study Abroad as a Bio Sci Major

Where to Find Study Abroad Programs?

- [UCEAP](#) (most common)
 - Think about your WHERE, WHEN, & WHY
 - Search by Discipline &/Or Subject Area: i.e. Biology/Biological Sciences
 - Type of Programs - Immersion, Research, Internship, themed, etc.
 - Review "Academics", "Cost", "Housing", "Dates & eligibility"
- [UCI Programs](#) or [Other UC Programs](#)
- [Independent Programs](#) (not associated w/UC's)
- For ideas: [Study Abroad in your Major - Biological Sciences](#)

Use the Table below to help you with collecting information about your program of interest.

Country:	
Institution:	
Discipline(s)	
When?	
Why?	☐ Course Credit (major/minor/GE) ☐ Research ☐ Learn an Language ☐ Personal Enrichment ☐ Internship ☐ Other:
Cost: (<u>Financial Aid?</u>)	
Housing?	☐ Program Arranged: ☐ Self-Arranged:

PLANNING FOR ACADEMICS

Use this to help you plan for courses and organize information for when you petition them for credit at UCI.

Before Petitioning (required for courses toward major, minor, and GEs):

1. Confirm course is offered in the term you will be going abroad
2. Gather syllabi, links to course descriptions, list of topics, etc.

Where to petition?

- If Bio Sci Course, GE course, or course toward minor: [Bio Course Equivalency Petition](#)
- If Math, Chemistry, or Physics: email syllabi to pssazot@uci.edu. (NOT NEEDED for [UCEAP SUMMER Physics Programs](#)).
- Not sure? Jump on our Bio Sci live chat!

When to petition?: Before, During, or after you return from the program. **Recommend to do before** you go abroad so have best sense of what credit you will receive through those courses.

Abroad Course (Title, units, UD/lower-div)	Possible UCI Match (Title, GE IV, UD Bio elec, etc)	Links/Course Descriptions
